

27th February 2019

Dear Parents/Carers

FUTURES EVENT – MONDAY, 11TH MARCH 2019

I would like to inform you about our Futures Event that will be held on **Monday, 11th March from 6.00–8.00pm**. It is never too early to start to consider future pathways and Year 11s, 10s, 9s and 8s along with parents/carers are welcome to attend.

This event is being organised to assist our students with their choices and provide an opportunity for them to meet professionals. There will be a range of providers available to discuss Post 16 options (e.g. Sixth Form providers, variety of people from the World of Work, Armed Forces, Colleges and Universities this year). We are grateful to the providers for their time and support.

- Workpays (Ask Apprenticeship) and other apprenticeship providers will be available to discuss apprenticeship schemes which will include information about requirements, applications and the complete process. Some Year 11s may still be looking to secure an apprenticeship as an alternative and staff will be on hand to assist.
- NCS – A voluntary personal and social development programme for 15-17 year olds. It is an opportunity for students to embark on exhilarating challenges, make a mark and build skills for work and life.

Good information is key to making informed decisions so that your child can begin to research careers ideas, options choices and possible progression routes. This event will begin to 'sow the seeds' for you, as a family.

We look forward to you joining us for the Saint Martin's Futures Event.

Yours sincerely

Mrs J Lowry
Careers Leader
