### **Anti-Bullying Policy**

A fundamental part of our mission is for 'Pupils to know that they are loved by God'; we want pupils to belong to a community where kindness and compassion are the norm, where God's love is exhibited in all our interactions as a school community.

"Providing safe and happy places to learn is essential to achieving school improvement, raising achievement and attendance, promoting equality and diversity, and ensuring the safety and well-being of all members of the school community." (DfE, 2007). Saint Martin's Catholic Academy is a place in which young people flourish both academically and socially. We aim to foster a healthy and safe community where individuals take responsibility for themselves and show respect for others emphasising the importance of positive relationships amongst all members of the community.

#### **Statement of Intent**

Saint Martin's Catholic Academy is committed to ensuring that students learn in a supportive, caring and safe environment, without fear of being bullied. Bullying is anti-social behaviour and affects everyone; it is unacceptable and will not be tolerated. If bullying does occur, all students should be able to inform a member of staff, and know that incidents will be dealt with promptly and effectively. Only when all issues of bullying are addressed will students be able to fully benefit from the opportunities available at school.

#### **Definition**

Bullying is any behaviour, which is deliberately intended to hurt, threaten or frighten another person or group of people. It is repeated and usually unprovoked and can continue for a prolonged period of time. It always reflects an imbalance and abuse of power. It is important that it must not be confused with the usual childhood/teenage squabbles and arguments where individuals "fall out" with one another.

# **Bullying can be:**

- · Emotional being unfriendly, excluding, tormenting
- Physical pushing, kicking, hitting, punching or any use of violence
- Racist racial taunts, graffiti, gestures
- Sexual unwanted physical contact or sexually abusive comments
- Homophobic because of, or focusing on the issue of sexuality
- Verbal name calling, sarcasm, spreading rumours, teasing
- Cyber all areas of internet, such as email and internet chat room misuse. Mobile threats by text messaging and calls. Misuse of associated technology, i.e. camera and video facilities.
- Disability/SEN because of, or focusing on a disability or special educational need.
- Home circumstance targeting individuals who are looked after children or because of a particular home circumstance.

Bullying can therefore constitute any of the above activities within the context of the definition provided. Bullying may occur to anyone and this policy is inclusive of the bullying of school staff, whether by student, parents/carers or other staff. (Members of the school workforce suffering from or concerned about bullying may also contact their trade union or professional association for support and advice).

Bullying can seriously damage a person's confidence and sense of self-worth, and they will often feel that they are at fault in some way. Students who are being bullied may show changes in behaviour, such as becoming shy and nervous, feigning illness or taking unusual absences. There may be evidence in work patterns, lacking concentration or truanting from school. These signs and symptoms may indicate other problems, but bullying should be considered a possibility and should be investigated.

#### **Academy Objectives**

To prevent, de-escalate and/or stop any continuation of harmful behaviour.

To react to bullying incidents in a reasonable, proportionate and consistent way.

To safeguard the student who has experienced bullying and to trigger sources of support.

To apply disciplinary sanctions to the student causing the bullying and ensure they learn from the experience, possibly through multi-agency support.

#### **Policy Aims**

All students, parents/carers, staff and governors should have an understanding of what bullying is.

Staff and governors should follow the school policy when bullying is reported or suspected.

All students and parents/carers should know what bullying is and inform a member of staff if bullying arises.

The Academy will always take bullying seriously. We use a range of proactive and reactive strategies to combat and prevent bullying.

#### **Reporting Procedures**

If bullying is suspected or reported, the incident with be taken seriously and dealt with as quickly as possible by the member of staff who has been approached. A clear account of the incident with be recorded and passed to the Head of Year, Pastoral Support Officer or appropriate member of the Senior Leadership Team.

The incident will be investigated by interviewing all concerned and recording outcomes on the files of those involved.

Where appropriate, form tutors and subject staff will be kept informed and asked to monitor the behaviour of the students concerned.

Parents/carers will be kept informed and are discouraged from taking matters into their own hands and should not, under any circumstances, approach a suspected student but speak to a member of staff.

Each incident of actual or alleged bullying will be unique in its representation and its level of impact on the individuals concerned. Therefore, it is important that the school is given the opportunity to tailor a strategy to address the situation and to support the bullied student according to the particular incident/s.

Students who are victims of bullying will be offered the opportunity to discuss their experience with their form tutor or another member of staff, be offered support in terms of access to the counselling/mentoring school based systems, to restore self-esteem and build confidence.

Students who have bullied will be helped by; discussing what happened, discovering why the student became involved and establishing a sense of wrong-doing. Parents/carers will be informed to help change the attitude and behaviour of the student.

In agreement with both parties involved there will also be the opportunity to rebuild relationships, involving a reconciliation discussion mediated by a member of staff as a way of resolving disputes.

#### The following disciplinary steps may be taken:

- Behaviour points and sanction
- Exclusion from certain areas of the school premises or certain activities
- Community service
- Detentions
- Isolation
- Referral to senior staff and/or external agencies
- External fixed term or permanent exclusion.

#### Prevention

- Effective school leadership that promotes an open and honest anti-bullying ethos.
- Use of curriculum opportunities, in particular tutor periods and PSHE assemblies/curriculum where issues of diversity are discussed and anti-bullying messages are drawn out.
