We were delighted by the number and quality of entrants – individuals and schools – who interpreted the theme in very creative ways accompanied by a personal explanation of the meaning behind their piece. Thank you to everyone who took part and hoping that you will all feel great satisfaction in having created something so personal for such a worthwhile cause.

A huge Thank You too, to our judges Roger Wagner and Fiona Cadwallader for their skill and expertise in assessing the creative merits of all the pieces and for having the hard job of choosing the winners!
