

Pope Francis' message for Lent 2025

In the Jubilee Year Pope Francis calls us to "Journey together in hope", without shoving but walking side by side in solidarity with those who are refugees, who are vulnerable and those who are in poverty. We are called to show each other mercy; demonstrating forgiveness and empathy towards others as we are all Imago Dei and deserve to be treated with dignity and respect.

Hermione Year 8 Divinity

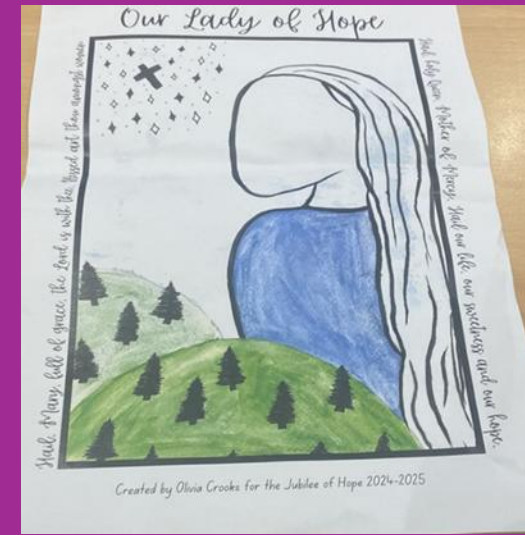

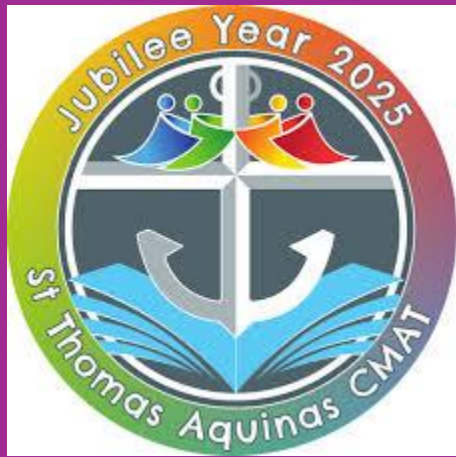

Pope Francis' message for Lent 2025

Pope Francis' reminds us that we should journey together. This year we are called to be Pilgrims of Hope and ensure that no one is left behind or excluded. We should be inclusive and stand in solidarity with those who are vulnerable or living in poverty.

Zach Year 8 Divinity

Pope Francis' message for Lent 2025

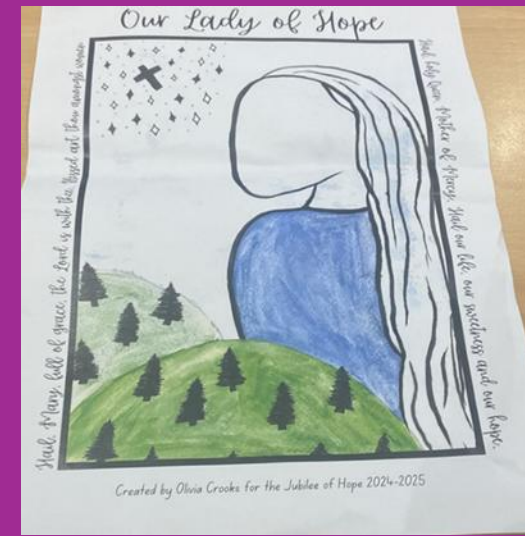

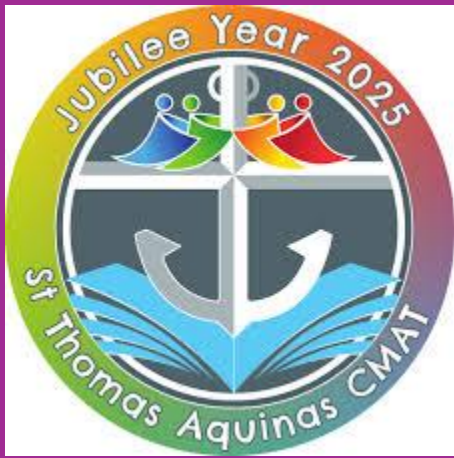

This Lent we are reminded to walk side by side together and not take people from their paths to get our own goal. We must always help people as we journey towards God's Kingdom. We must listen to the cries of the earth and the cries of the poor.

We not only stand in solidarity, but we stand in solidarity especially with the poor and help them through subsidiarity.

We bring hope to everyone, and we remember them in our prayers.

Scarlett Year 8

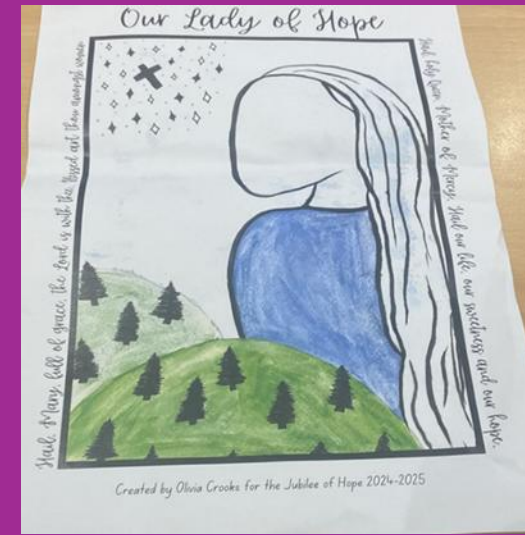

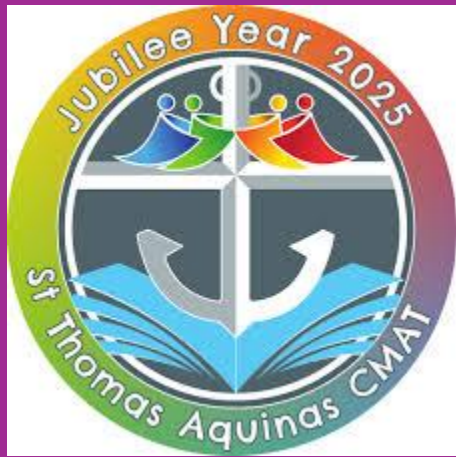

Pope Francis' message for Lent 2025

We are called to journey together without shoving or stepping on others. Like the Israelites who journeyed to the Promise Land for 40 years we must stand together in solidarity with refugees and migrants. We need to include everyone in our journey this Lent and leave no one behind.

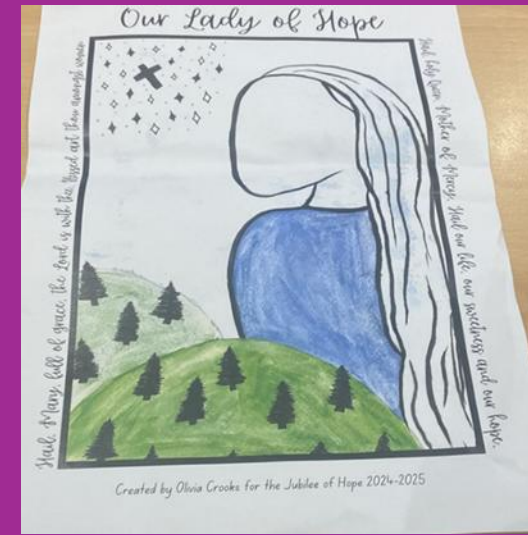

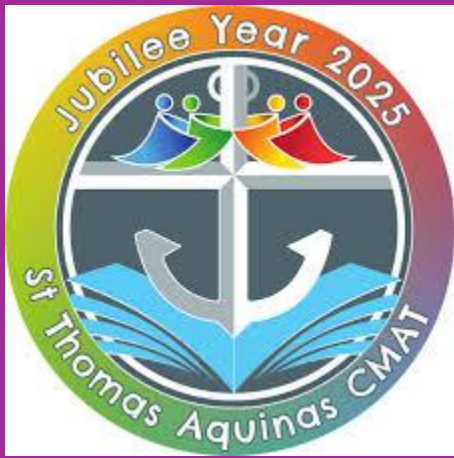

Jude Year 8

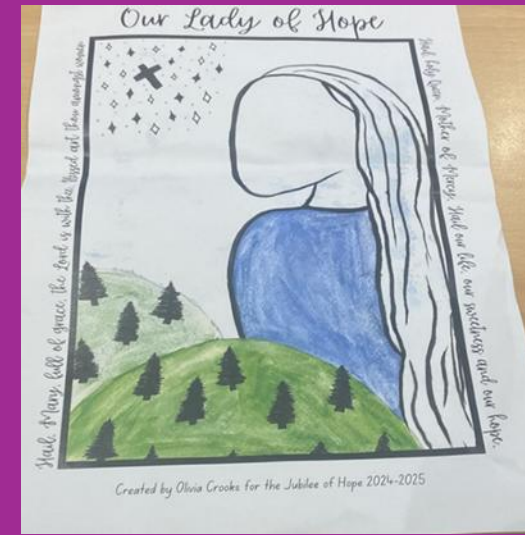

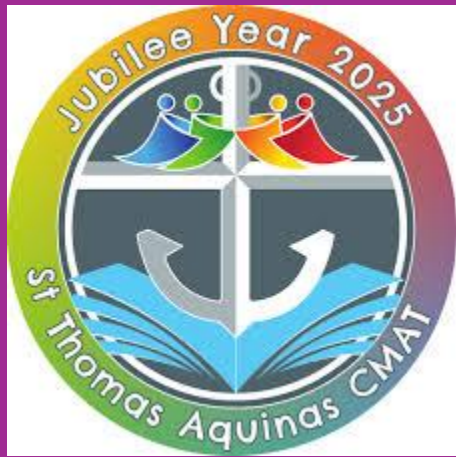

Pope Francis' message for Lent 2025
Pope Francis calls us to empathise with refugees and migrants
this Lent and to be Pilgrims of Hope, to journey together side
by side and in solidarity.
Fred Year 8

Pope Francis' message for Lent 2025
Our Pope has many amazing words for us for Lent but the one that inspires me is how we travel together as a group and be attentive to the needs of others. Furthermore we must be merciful in our lives and to hold onto the message of hope.
Julien Year 8

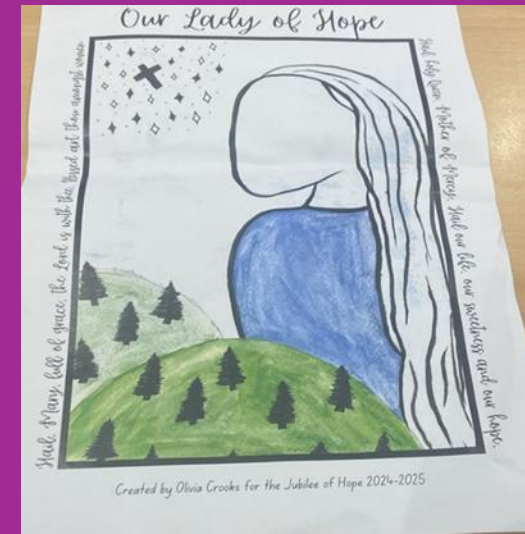

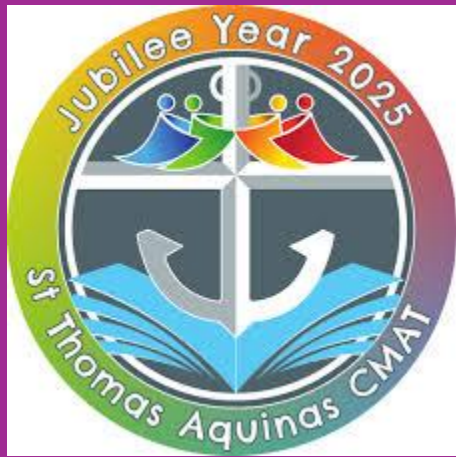

Pope Francis' message for Lent 2025

We journey together in solidarity. Our Life is a journey and we travel together as Pilgrims of Hope in the Jubilee Year. We show mercy to all refugees and migrants and be their light in darkness, their voice and most of all their friend. We welcome them with open arms knowing we are all created Imago Dei. We ask for the support of our Mother of Hope Mary. Bless all of us this year as we deepen our faith and grow close to our Lord.

Evie Year 8 Divinity

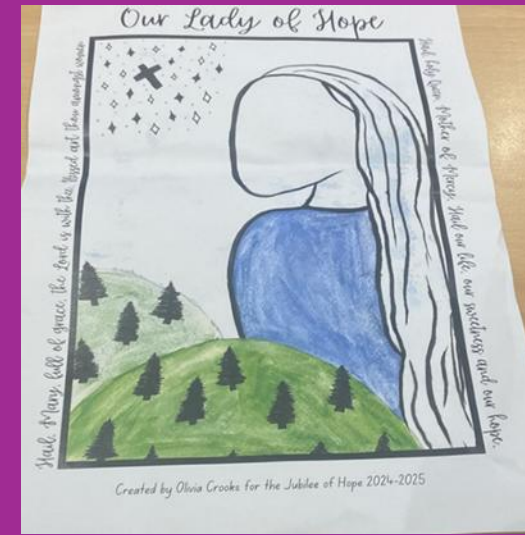

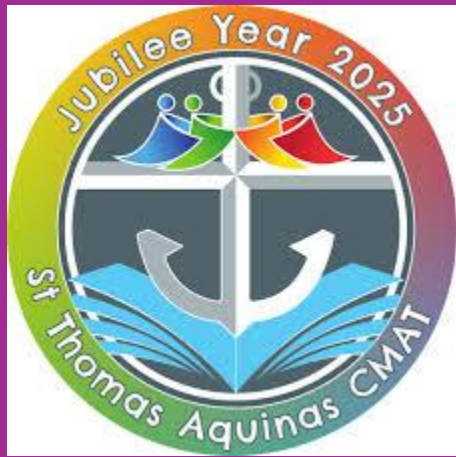

Pope Francis' message for Lent 2025

Pope Francis calls us to stand together, united this lent; we should all walk with one another calmly and steadily "without letting anyone be left behind or excluded" because when we are attentive, and look out for one another, we are stronger and there would be no conflict in our world. Life is not a race.

Alex Year 8 Divinity

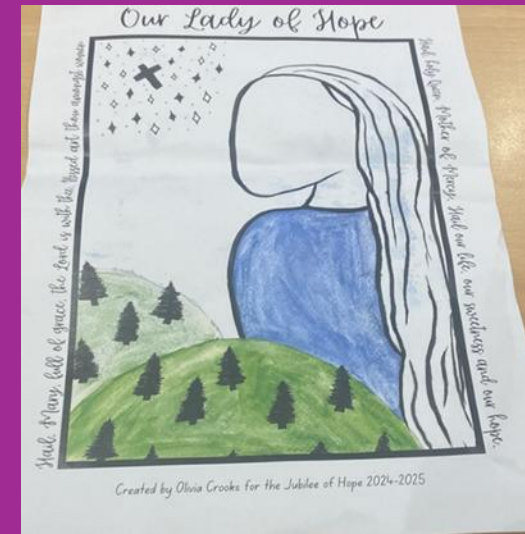

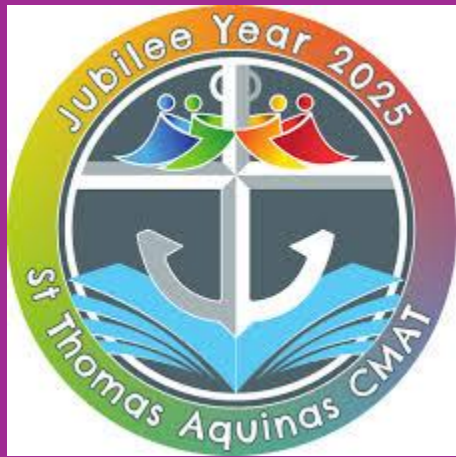

Pope Francis' message for Lent 2025

Pope Francis encourages us to leave no one behind, to have a world without discrimination as we are all made Imago dei. We must journey together in solidarity with those who are less fortunate or in need of help. We must not show envy or hypocrisy, but we must respond to the needs of those we meet.

Ross Year 8 Divinity

Pope Francis' message for Lent 2025
Pope Francis' message reminds us to stand in solidarity with those who experience hardship and we should never leave anyone to stand alone, rather we show mercy, empathy and forgiveness, treating everyone as we would wish to be treated because we are all made Imago Dei. From Laudato Si we are called to "listen to the cries of the earth and cries of the poor." This links to preferential option for the poor.
